Email

Tenants Name (if applicable)

This Agreement is made between Water Installations and the property owner commencing on the date below.

Water Installations agrees to provide servicing of the Icon Septech System installed at the above listed address, as per the manufacturer's instructions and owner's manual requirements and confirms they are a current certified Service Agent.

The above Customer agrees to allow Water Installations suitable access to the aforesaid System at all reasonable times as Water Installations may deem necessary to carry out such service and maintenance.

The above Customer also agrees to pay to Water Installations any extra service or maintenance charges that may arise from general equipment failure or from the Icon Septech System not being operated in accordance with the manufacturer's operating Instructions or owner's manual. Consumables, if required, are at extra cost. Sludge pump-out may be required every 3-5 years or so, depending on usage and scum accumulation. A qualified liquid waste contractor needs to undertake this work and charge accordingly.

Signature of Customer

Date

Water Installations hereby undertakes to service, maintain and perform the necessary tests for the aforementioned Treatment Plant and to send all relevant information to the Local Authority.

Service Agent

Water Installations Pty Ltd

Date

\* It is a requirement by Local Government that a system owner has a valid Maintenance Agreement with a licenced service agent.

Service plan: 4 scheduled services per year.
